

Fleetguard Filter Kits

4WD SERVICING MADE SIMPLE

We've got Fleetguard Filter Kits for a huge range of diesel engine equipment – from heavy duty machinery to your trusty ute.

Fleetguard filter service kits are available for a variety of diesel engine equipment, ranging from heavy duty diesel engines to 4WDs.

The filters are packaged together in one convenient kit, making it easy to identify and purchase the filters you need.

You'll be able to choose a complete kit containing air, fuel and lube filters, or a wet filter kit containing just the fuel and lube filters, for just about any equipment application.

Servicing your equipment has never been easier, thanks to Fleetguard Filter Service Kits.
