Ramsey Bros is a true South Australian success story that has spanned over 68 years and three generations. As one of South Australia's largest Agricultural Machinery & Precision Ag technology Retailers we recognise that our people are our greatest strength and are critical to our success going forward.

With core family values based around trusted business partnerships with customers, Ramsey Bros grows from strength to strength as a multi franchised agricultural machinery group selling and servicing a wide range of farming equipment and most recently, a precision agricultural specialist.

Our Integrated Technologies division is continuing to grow as farmers embrace farming management systems, observing, measuring and responding to variability in crops with a goal of productivity and maximising yields. Ramsey Bros partners with our farmers in finding solutions based technology maximising ROI of existing and new equipment

We are seeking an experienced Sales & Technical support consultant to operate within the Murray & Mallee region including the Adelaide Hills based at our dealership in Murray Bridge. The role is supported by experienced staff, a cohesive structure that provides sales, service and parts to support our integrated technologies division. With branches covering much of the state, Ramsey Bros can offer genuine career opportunities within our organisation. Our trusted brands in machinery include Case IH, Miller Nitro, Ausplow, Agrispread & Stoll sprayers to name a few which are seen as the industry's best. However our integrated technologies division can find solutions for any brand within the sector.

Preferably you will have a high level of knowledge in Precision Ag systems, be proficient with computers, mobile applications and be able to converse comfortably with customers providing them with productivity solutions based on technology. Having a level of empathy for our customers individual needs, responding with a sense of urgency and delivering a premium service experience is the Ramsey Bros way. Being able to deal with them in a professional and courteous manner is critical to finding the best integrated technology solution to maximise their return on investment. A passion for the industry and technology will go a long way in securing the best outcome for all involved.

Solid technical understanding, time management skills, being able to work in a team or on your own are only some of the attributes required. Joining us will reward you in many ways as we genuinely care about our people, our customers and especially our company.

For further information or a confidential discussion about the role, please call **Al Kalvaitis** on **0417 807 857** or email **akalvaitis@ramseybros.com.au**
