

Set and forget

The numbers don't lie.

The farmer who entrusts us to check and repair their rig sees **29% more uptime*** during harvest.

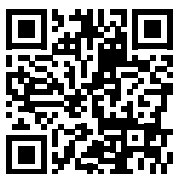

In-field repairs costs them **32% less***.

Breakdowns will always be part of the game, but the difference made by a Combine and Front Pre-season Service Program is black and white.

Places are filling fast.

**Based on Ramsey Bros' customer service booking data averages in 2022.*

2024 Combine and Front Pre-season Service Program

**Specialist inspection,
full report, ongoing savings.**

\$990 inc GST.

■ **Fixed Price Inspection and Report**

Get a comprehensive post-harvest check of your combine and front by a Case IH expert. Current training is essential for recent machines and our technicians will provide you with a complete list of their findings and recommendations.

■ **10% Service Rebate**

Save 10% off your final Pre-Season Program service invoice* – including travel, parts and labour.

■ **Deferred Payment Option Available**

Get your combine and front serviced now so you don't risk your next harvest. Ask about our deferred payment options so you don't risk your cash flow.

■ **12 Month Warranty**

Our genuine Case IH parts have a 12-month warranty that includes labour when parts are installed by a Ramsey Bros technician.

■ **Priority Service**

Put your combine and front through our 2024 Pre-season Program and we'll add Priority Service during next harvest – so you can get a technician faster if you need one.
